Timeless Insight, New Mobility

We, the Colorful Creators,

will create a “New Flow”

and, by enhancing our corporate value,

contribute to developing a sustainable society.

Environment

- Protecting the global environment
- Using renewable energy
- Reducing CO_2 emissions
- Reducing waste

Social

- Respecting human rights
- Employee safety and health
- Contributing to local communities
- Promoting work style reform
- Improving employee satisfaction

Governance

- Strengthening governance for sustainable growth in corporate value
- Ensuring thorough compliance
- Developing internal controls

We will promote these initiatives throughout the supply chain together with our suppliers.
